# Anvil Studio Tutorial

Changing the volume of selected notes by a relative amount or to a constant
1) Select the notes
2) Select Edit / Change Notes...

3) Select the 3rd option, which looks like this:

Change Notes

MIDI number of note to change: C 5 (midi 60) ▾

○ Change to this note:
         or
○ Delete all occurances of the selected note
         or
● Change volume of all instances of this note

  ● Set all notes to a constant volume
  ○ Increase / decrease volume of notes by %   ——————█▌——————

                                    [OK]   [Cancel]
